PROFESSIONAL SUMMARY

Multidisciplinary creative specializing in Frontend Development, Graphic Design, and Data Analysis. Passionate about building impactful digital experiences through modern web technologies, visual communication, and data-driven problem solving. Experienced in publication design, organizational media production, database management, and analytics, with a strong commitment to creating clean, engaging, and user-focused solutions.

EXPERIENCE

Freelance Graphic Designer

Independent Projects & Client Work

2022 – Present

- Design publication materials, marketing collateral, and digital content for organizations, student groups, and individual clients. Extracted and compiled student data reports into Excel for academic and administrative use
- Create brochures, tabloids, posters, social media graphics, event materials, and branding assets using industry-standard design tools.
- Collaborate with clients to transform ideas and requirements into visually compelling and effective designs.

Layout Artist

The Nationalian Clarion – The Official Student Publication of NU Clark

2024-2026

- Designed publication layouts and visual assets for the official student publication.
- Collaborated with editors, writers, and creatives to produce engaging editorial content.
